What is STEAM Education?

STEAM Education is a teaching approach that integrates the studies of Science, Technology, Engineering, Art, and Mathematics

What are STEAM's Goals?

- ◆ To increase students' confidence, capabilities and competence in STEAM subjects.
- ◆ To allow students to compete in a technological world.

ACADEMY FEATURES

- ◆ Select students take a full 9th grade course load during their 8th grade year based on teacher recommendation.
- ◆ Students can take up to 5 different NYS Regents examinations out of the required 8 needed to earn an Advanced High School Regents Diploma.

Our Mission

The Medgar Evers Academy, named for the late civil rights leader, Medgar Wiley Evers (1925-1963), was established in 2013 and named in 2014, with a mandate to meet the college readiness, social needs and technological demands of our community.

The mission the Medgar Evers Academy to develop and maintain quality, high school level programs that are aligned to the Common Core Standards.

The Academy is committed to students who desire a well-rounded education.
